

LITTLE LANTERN

Little Lantern Free Sampler

A little Christmas and woodland try-out

PRINTABLE PAGES / US LETTER + A4

A small standalone sampler

Print your way

Choose the US Letter file for 8.5 x 11-inch paper or the A4 file. Print one-sided at Actual Size / 100%. Each file has the same six pages.

What is inside

Try one Christmas coloring page, one woodland maze, one woodland kindness-note page, and a separate answer sheet for that maze. The maze answer sheet is made for this sampler and contains only that maze and its start/finish labels.

Where the pages overlap

The Christmas coloring page also appears in Pip and the Missing Christmas Star. The maze and kindness notes also appear in Pip's Rainy-Day Woodland Adventure. If you own either full pack, you already have its matching activity pages; the sampler's maze answer sheet is new.

Enjoy at your pace

Use pencils or crayons for coloring and a pencil for the maze. A grown-up can help read the directions or write a kindness note. This is a small preview, not either complete activity pack.
